

It's Clear. Not All Shelf Organizers Are Black Or White.

But they could be! Our shelf organizers come in a variety of colors. Stock vacuum-formed plastic organizers are available in clear so the entire product is visible. Alternatively, our stock black powder-coated wire organizer offers slimline stacking. However, if a splash of color is what you're after or if black and white is a theme, each of these items is available in custom color options (at an additional cost). So add order to chaos, prop up products and manage your merchandise with cost-effective, easy-clean shelf organizers. For more information call or visit us online at www.blancind.com.

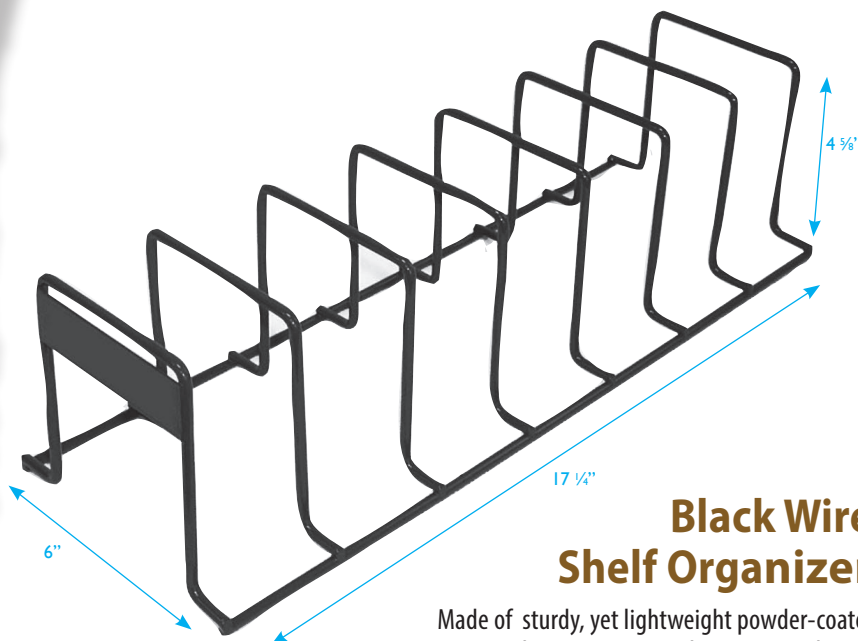

Clear Shelf Organizer

Fuss-free and easily movable, this .040 gauge clear plastic organizer blends perfectly with existing décor, while offering product visibility.
