

# It's About Thyme That Basil and Rosemary Take a Stand!

Crisp, fresh and clean, that's what our Live Herb Rack will keep your produce displays. Made of sturdy, black powder-coated 3/16"-thick wire, this versatile rack houses cello live plants, cut herbs in clamshells, or any item that fits neatly in the slots.

The herb rack's 12-slots (4" W x 7" D each) fit 4 slots across 3-tiers with enough room to reduce wear and tear of fragile products, while presenting a full, lush display. Also perfect for packages, bottles, boxes, literature, and more!

Its sturdy yet lightweight design and modest, movable footprint (16 1/2" W x 15 7/8" D x 12" H) makes it ideal for multiple display décor options. Conveniently packaged one rack per carton, no assembly is required.

## Live Herb Rack

Durable (16 1/2" W x 15 7/8" D x 12" H) 12-Slot (4" W x 7" D) Black Powder-Coated Wire Live Herb Rack elevates and separates individual cello live plants, avoiding crushed leaves while promoting freshness.
