

Boost sales with secondary sell options — promotional toppers!

Easy add-on placards attract attention to existing sale signage with little effort. Best of all, they're reusable and evergreen (appropriate year-round)!

Throw a spotlight on everyday items just by adding a promotional topper. Available in a set of 3 toppers (includes 1 each): "Locally Grown", "Organic" and "Sale" or individual theme sets of 5 toppers, these décor-neutral, flexible plastic toppers simply slide into your existing 7" x 11" or 11" x 14" sign frames or holders. The vivid promotional portion of each topper extends 3.5" atop the frame or holder. Add optional no-fuss, cost-effective clear pocket signage protectors (sold separately) to complete the set while at the same time adding to the longevity of your paper signage program. For more information please call or log on to www.blancind.com.
